

From the President...

HCEA is working hard to ensure that our evaluation system is implemented fairly and consistently in all schools. It is unreasonable for your principal to set your SLO target at 100%. Likewise, it is important when setting tiers that you have an adequate sample size for each tier. **If you cannot reach consensus with your principal on both SLOs, you must be allowed to set one SLO independently.** This means that you should be allowed to set the target, group, etc. without restrictions. Targets should represent ambitious but attainable goals. Student Learning Objectives are meant to provide a means to improve instruction. They should not be reduced to a check the box activity. Likewise, SLOs should not be used as a means to attack teachers or prevent them from performing well in evaluations. Further, there is no requirement under the evaluation system that your SLOs align with the SPA, nor any provision which allows your principal to force this requirement upon you for an independent SLO. You must assert your rights and contact HCEA if you are not being availed the appropriate flexibility under the evaluation system.

Election season is nearly upon us. HCEA will be making endorsements for candidates in all local races. HCEA makes its decisions on endorsements based upon our values of supporting unions, teachers, students and public education. Our Government Relations Committee, which is comprised of HCEA members, will be interviewing candidates who submit questionnaires. If you are interested in participating in our endorsement process, our Government Relations Committee is always looking for new members. Consider volunteering.

HCEA is also seeking candidates to run for Harford County Board of Education and County Council. Anyone can run for Harford County Council, including current teachers. Employees of the Harford County Board of Education cannot serve on the Board of Education but folks who are planning on retiring before July 1, 2019 can run since they will not be seated until July 1, 2019. Our community needs a Board of Education who understand the needs of our students and our teachers. If you are retiring, leaving the system or have family members who would consider running contact me.

**Do Your Part.
Stand Strong with HCEA.**

Know Your Contract

ARTICLE XIX

Probation, Tenure and Evaluation

19.3 Administrators and/or supervisors shall hold formal evaluation conferences each semester with all teachers in their first and second year in Harford County. At that time, if appropriate, the teacher shall be advised by the principal that the principal will recommend that the teacher not be retained in the system.

19.4 **Teacher Evaluations.** Under normal circumstances, the teacher will be notified by September 30th of each year of the upcoming annual evaluation. Lack of this notification however will not prevent the evaluation process from proceeding as required by regulation.

When teachers are observed, they shall be provided written feedback before any future observations are conducted.

A written statement of evaluation will be prepared and reviewed with the teacher within a reasonable time after each formal evaluation conference. In the event that the teacher feels his or her evaluation is incomplete or unjust, he or she will append an addendum giving his or her point of view. The evaluation is, however, to be signed by the teacher; this signature means only that the teacher read the evaluation. A copy of this evaluation and addendum shall be filed in the school office, a copy shall be placed in the evaluation file in the Human Resources Department and a copy shall be given to the teacher.

19.5 Probationary teachers who will not be retained will receive notice in writing before May 1. For individuals employed on or after January 1 the notification date shall be not later than sixty (60) days prior to the anniversary date of employment of the first year or second year or not later than sixty (60) days prior to the third anniversary date of employment.

19.6 **Tenured Teachers.** Tenured teachers will receive formal evaluation conferences at least by the end of their fifth year in Harford County and at the minimum rate of once every five (5) years thereafter. All observations of a classroom performance shall be conducted openly.

19.7 Principals and/or supervisors shall hold the formal evaluation conferences. After the conferences, a written statement of evaluation will be prepared and reviewed with the teacher within a reasonable time. Any material presented at the conference which was not previously known to the teacher shall be reviewed by the principal and the teacher before it may be entered into the written evaluation.

19.8 In the event that the teacher feels his or her evaluation is incomplete or unjust, he or she will append an addendum giving his or her point of view. The evaluation is, however, to be signed by the teacher. This signature does not indicate approval. A copy of this evaluation and addendum shall be placed in the evaluation file in the Human Resources Department and a copy shall be given to the teacher.
